49th Annual Sponsorship

PUBLIC SCHOOL WEEK SPONSORED BY MASONS

The Forty-ninth Annual Public Schools Week is being held throughout California on April 22-26. During this entire week parents, visitors and all who are interested in the condition and welfare for public education will tour the schools, listen to lecturers on the subject and obtain a proper perspective of their role in public education.

Dr. Armen Sarafian, president, Pasadena City College, will be speaker at the annual Masonic "Public Schools Kick-off Dinner." The dinner will be held Friday, April 19, at 7 p.m. in the Masonic Temple, 33 E. Sierra Madre Blvd. Dr. Sarafian will speak on the subject, "Your Community College." In addition to Dr. Sarafian's talk, students from the Sierra Mesa School will present an entertaining musical program.

Also, as in past years, it will be the privilege of the local Masons to announce at the dinner the teacher who has been selected by their fellow teachers to receive the honor of "Teacher of the Year."

RULE WINS

The Quo Warranto Proceedings, Blaine McGillicuddy and the People of the State of California vs. Ralph Rule came to an end on Tuesday after five days of hearings before the Superior Court of Los Angeles with Judge F. Ray Bennett on the bench.

Judge Bennett ruled that the meeting of the Sierra Madre City Council on June 20, 1967, was a legal meeting and therefore the appointment of Ralph R. Rule was legal. His decision was based on the opinion that any duly constituted meeting of the City Council is a meeting whether it is called a budget session, a budget meeting, or a study session, or whether it is done with all due formality or not.

Mr. G. Norman Kennedy was the attorney who successfully argued the case in Los Angeles Superior Court on behalf of Mr. Rule.

This forever ends the argument that Ralph Rule is not a City Councilman, and that the meeting of June 20th was illegal.

The decision will be effective after the signing of the order by the presiding judge.

More details in the next issue.

The City Council met Tuesday evening at the hour of 7:30 to basically canvass the votes of the election of April 9, but due to a letter from Delbert Comer for a request of a recount, since his apparent defeat was by a vote of 7, made it mandatory that the Council appoint a recount board.

Mayor Pro Tempore Ralph Rule nominated R. Robert Evans, publisher of the Sierra Madre News as chairman of the board, and nominated Mel Stein, Rev. David Howell and Bud Burke as additional members of the recount board, the motion was seconded and carried unanimously.

The fee for recount was set by the Council at \$100 per day, and must be paid as a deposit before the recount could start. Chairman Evans set the hour of 1 p.m. Saturday, April 20, in the Council Chambers of City Hall, 55 W. Sierra Madre Blvd. The board will designate the seating of the candidates involved. All citizens are welcome to the recount, but must be seated in the audience seating arrangement.

Convass

The votes of the April 9th election were then canvassed by the Council and by Resolution No. 2402 declared that John Simons and Gordon Rudolph were elected to the City Council and that L. Marie Warfel was elected as City Clerk and Thomas Schwartz was elected as City Treasurer. City Clerk Madeline I. Anderson gave the oath of office to Simons and Rudolph and Mayor Pro Tempore gave the oath of office to L. Marie Warfel. Thomas Schwartz was not present at the meeting.

Personnel Session

The new Council then retired to a personnel session and reconvened in five minutes. Councilman Robert Hartman made the motion that Ralph R. Rule be elected Mayor, seconded by Jim Nickoloff. The vote was unanimous. Councilman Nickoloff then made the motion that Councilman Robert Hartman be elected Mayor Pro Tempore, seconded by John Simons, and carried unanimously. The Council then adjourned the Convass session. The next regular meeting of the City Council will be Tuesday, April 23, when it is expected that Mayor Rule will make his permanent appointments for the coming year.

Mayor Sorensen In Hospital

Many of us were saddened Saturday to learn that our beloved Mayor Sorensen had been taken to the hospital. At this writing he is resting satisfactorily.

Immediately upon arrival he was placed under oxygen, and the cause of his illness was classified as "Pure Exhaustion." Tests were started on Monday and completed on Wednesday of this week, which will determine the length of time of his stay.

Friends are asked to send him cards at Queen of the Angels Hospital, 2301 Bellevue, Los Angeles, Calif.

Mayor Sorensen finished up his term as Mayor of our City with the Council meeting of April 9; his last duty would have been to be present at the canvassing of the votes of the election this past Tuesday, to declare the winners of the election; at which time he would have retired from the Council.

With the call for recount vote by Del Comer, Mayor Sorensen will remain in office until his successor has been seated.

Vice Mayor Ralph Rule will complete this final function should the mayor remain away from the Council table, and we look forward to Mayor Sorensen's return, a much rested man, relieved of the responsibilities of city affairs.

Easter Party Great Success

The Fire Department's annual Easter Egg Hunt was termed as the most successful that has ever been held, when it was estimated that over 1200 children under the age of nine were present last Saturday morning at 10 o'clock to start the hunt in Memorial Park.

The Volunteer Firefighters and their wives had completed the coloring of over 250 dozen eggs which were hidden throughout the park. Many golden eggs were among those hidden, and any youngster finding one would present it to the firefighters, who held a large Easter Basket which was given to the finder.

The Easter Egg Hunt is another project sponsored by the Sierra Madre Volunteer Firefighters who receive money from their Annual Christmas Dance to finance the affair.

This Is 'Be Kind To Policemen Week — Year'?

Police Are The Backbone Of All Our Communities

by NANCY BRYAN

Early principles of police "professionalism" were originated in 1829 in England by Sir Robert Peel and have extended themselves into our current police institutions.

But the long road to professionalization started around the year 600 A.D.

The term "police" is relatively new. The word was coined sometime around 600 A.D., and was taken from the French word "police" which meant "power of the people."

"Police power" is the right of the governed to do whatever they think best for their general welfare. The actual force by which the people compel observance of their edicts is known as the "police function."

This first period of policing, so called, extended to 1066 A.D. It is known as the Anglo-Saxon Period with its beginning in the British Isles. At that time the population of England lived in small "turns" (villages) dotting the island.

When an offense occurred in an Anglo-Saxon town, a "hue and cry" was raised and the whole village turned out to seek the wrong doer.

Capital punishment was not practiced, however establishment of guilt by physical ordeals was. Imprisonment for debt and transportation of ones person to a far-away place to work out a fine was also practiced.

In 1066 A.D. William the Conqueror, after invading England, turned standard heretofore Anglo-Saxon policing methods topsy-turvy. As King, William established a national government, and thus pre-empted local village governments. To collect his taxes he instituted the "Shire Rieve." Shire means county and Rieve the name for the chief enforcement officer. Over the years it was shortened to "sheriff." The sheriff had a "constable" which cared for his stable of horses and worked with him, although the constable was not a policeman.

Weeds Must Be Abated Now By Law

Sierra Madre Fire Prevention Bureau announces that in accordance with state and city regulations numerous properties have been posted under the Weed Abatement Law.

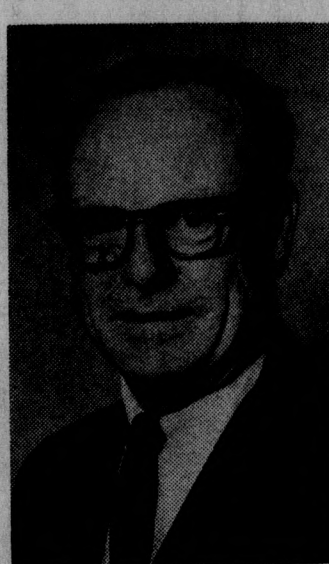

All properties within the city found to contain noxious weeds and trash have had signs posted on the property and where possible owners have been notified of the posting. It is the owner's responsibility to remove such trash and weeds within the next few weeks in order to comply with the law.

A public hearing will be held in the Council Chambers on May 14, at 7:30 p.m. when protests against such posting will be heard shortly thereafter the city will either have its crew or a contractor remove weeds and the cost will be assessed against the owners.

Fire Marshal Ludden points out that in view of past difficulties encountered, owners will find it to their advantage to either hire a reliable party to do the job or do the job themselves.

General Telephone Names Bowers To Plant Manager

Charles M. Bowers

Charles M. Bowers has been appointed the new plant manager of General Telephone Company's Monrovia division, according to division manager Henry Schull. He reports to his new position this week.

Bowers started his telephone career with General Telephone in 1949 as a switchman, and joined the ranks of the utility's management group in 1957 as equipment maintenance foreman. In 1963, Bowers was promoted to special services coordinator and, in 1964, was appointed senior engineer to design long distance circuits. In 1965 the aggressive career telephone man was promoted to equipment maintenance supervisor. In February of this year, he was transferred to the service department as supervisor. Most of Bowers' telephone experience has taken place in the Long Beach area.

In his new position as plant manager, Bowers will be responsible for the installation and maintenance of all new telephone service throughout the locally based division which serves the

communities of Hastings Ranch, Sierra Madre, Monrovia and Duarte. He will also be supervising the maintenance activities of General's line crews and the switching office maintenance technicians.

Bowers and his wife, Dorothy, have two sons: high school student Scott, and Army soldier Mark.

Even before we'd seen the demise of the outdoor industry, another part of mass advertising began to get its lumps! In the year 1959 came the television quiz show scandals, followed closely by disclosure of payola in radio (involving some recording companies and a few disk jockeys). This time there seemed to be legitimate reason for public unhappiness. After all, SOME groups had been guilty of deceit. But critics of ADVERTISING saw a chance to capitalize on negative public opinion where the ENTERTAINMENT segment was concerned; and they made full use of it! They put the spotlight on the medium—not the handful of individuals, producers and artists—and blamed ADVERTISING for the whole mess. The networks and individual stations were blamed — perhaps justly so in some cases—and the accusers said all this wouldn't have happened if those big firms and advertising agencies hadn't been putting up the ADVERTISING money in the first place.

—CT—

Maybe you remember that in 1967 the Commission issued a ruling which extended the so-called "fairness doctrine" jurisdiction to advertising and required all stations carrying cigarette announcements to broadcast messages on a regular basis warning listeners of the danger of lung cancer and heart attacks if they smoked those cigarettes!

ACTION SHOTS SHOW HIGHLIGHTS

If you like basketball, hockey, baseball or football don't go to the game and leave your camera at home. This goes for swimming, boating, skiing on water or snow and most every other kind of sport! Watching for picture situations will double your enjoyment, and will reveal highlights you would not otherwise see.

Action shots can be made with any camera. With the simpler cameras, that's the ones that have no adjustment for shutter speeds, it is necessary to wait for the peak of action, for example, the split second when the basketball player is at the top of his leap toward the basket, or when the water or snow skier is coming toward you at a narrow angle. This principle applies to all photos of objects or persons in motion, and gives very dramatic results. For cameras with adjustable shutter speeds, use 1/250, 1/500 or even 1/1000 second and you will find with just a little practice you will get photos that all your friends will want copies.

Bill tells me that our line of Kodak Instamatic Still and Movie Cameras is complete now and he invites you to come in and let him show you how really marvelous they are. You know it is a rare occasion when one of our customers doesn't get a complete set of prints, slides or movies from every roll they expose. Now that vacation time is here do come in and see Bill Clark. He is most anxious to talk "CAMERA" with you.

Women's Club Federation Plans For Conference

The call for the 65th annual convention of the California Federation of Women's Clubs has gone out and many clubs have elected their delegates to attend the four-day conference, May 6-9, at the Biltmore Hotel, Los Angeles. Mrs. Walter H. Harness, president, will preside.

Guest of honor will be Mrs. Walter V. Magee of Lakewood, Ohio, first vice president of the General Federation.

Main interest of the delegates is the election of new officers which takes place every two years. The office of president is uncontested with Mrs. Edward D. Wylie of Glendale, first vice president and dean of chairmen, as the sole candidate. Competing for the office of first vice president are Mrs. John James Barbour of La Mesa and Mrs. Vernon Cunningham of Los Alamitos. The office of recording secretary is being sought by Mrs. Rudy Anderson of San Gabriel and Mrs. Albert J. Crichton of Mountain View.

Districts and clubs, which have done outstanding work, will be honored with awards from state chairmen during the Tuesday and Wednesday sessions.

As Ives Sees It

could be much, much worse. OLD HANKUS figured CHICAGO for a one shot team last year. Yet there is plenty of talent on hand with the likes of Santo, Williams, Banks, Jenkins, etc. Durocher may have pitching depth problems.

HOW CAN YOU PLACE a team with Hank Aaron, Joe Torre, Felipe Alou, Cleto Boyer and Tony Cloninger as low as seventh? That's where the ATLANTAS usually finish and generally with lack of pitching.

PHILADELPHIA could be right in the top echelon or they might fall to the lowest depths. HOUSTON looks improved and the METS will be the pesky types.

Have begun to wonder this week just what happens to a person when they eat too many eggs. In our house, in spite of the fact that our young people have long passed the age of Easter egg hunts, the mother always dyes dozens and dozens of eggs. Well, I can't help it, I just love to dye Easter eggs, and the children are patient with me. I can give you no logical reason for this tremendous urge when all they do is sit in the icebox for as long as it takes me to eat my way through them.

I suppose it goes back to my childhood. Somewhere along the line I probably developed a deep seated frustration because I didn't win a prize for finding the golden egg.

When Easter rolls around Mr. Rabbit knows that he is going to have to bring an extra basket of chocolate covered bunnies and those delicious yellow marshmallow chickens with the little beady eyes and the gummy jelly beans (especially the purple). So, now you know what I have been doing all of this week and also next week while I diet to eliminate the extra pounds brought about by over-indulgence. You know some people just never grow up in spite of their advanced years!

It was hard to believe that the group was gathered to celebrate Mrs. Madolin Schmitt's 75th birthday because she had more sparkle than anyone of the gang. The party was held at the home of her daughter and son-in-law, Mr. and Mrs. Ben Rogers. One of the guests had come all the way from Kona on the island of Hawaii to be with her mother on this special occasion. That was her daughter Madeline Schmitt. The others were Mr. Charlie Macater, Ruth Watson, Dick and Claire Schmitt, Ann Schmitt, Bob and his daughter Patty, Virginia and Charles Michner, Norma Graffam, Doris and Ralph Paquette, Dr. and Mrs. Ralph Rogers, Mrs. Grace Winnett, Bob and Marian Starrett, and the Rogers four children, Rita, Carol, Don and Jimmy.

Mr. and Mrs. Leo Majich had a quiet Easter Sunday dinner with Leo's parents, Mr. and Mrs. Peter Majich up for dinner with the children.

For at least 14 years three couples in our area have been getting together for early Easter Sunday service followed by a community brunch at one of three homes.

This year, Mr. and Mrs. William Olson and their sons Scott and Robert were the hosts for Mr. and Mrs. Robert Farmer and their three sons, Scott, Cort, and Eric, and Mr. and Mrs. Brewster Benedict and their son Charlie.

When they started out those many years ago the children were all small and an egg hunt was the big excitement of the day. Now they are all young adults or soon to be young adults and the hunt has been sacrificed to time. They substitute a fabulous gourmet brunch for chocolate bunnies, but the important thing is that they all get together and they all look forward to it every year.

There were four generations represented at the table of the Alan Waytes on Easter evening. In addition to their own children, David, Larry, and Marcia, they were joined by Beverly's brother and family, Mr. and Mrs. John Bruen with their three children, Missy, Fred, and Myrna, the children's grandparents, Mr. and Mrs. Russel Burke, and their great grandmother, Mrs. I. E. Taylor, and Beverly's cousin, Jack Taylor, Jr.

The John Griffith family are thoroughly enjoying the fact that their eldest daughter and family are close by. Kathryn's husband, Captain Richard Evans is stationed at Ford Ord so they are making their home in Capistrano beach with their young daughter Kimberly. Lorraine is frank to admit that she and Jack are the most doting of grandparents. The young people came up last weekend to spend the holiday with the family.

A word of Captain Evans. He just recently finished a year at the Defense Language

Institute in Monterey where he was studying Indonesian. He graduated with honors and was presented with the Martin Kellogg award for outstanding achievement in language and culture. He is now commanding officer for the 25th Marine Interrogation Translation Team, 5th Marines.

The whole family which included Margaret and Glen as well as the Evans all joined in hiding eggs for the neighborhood Easter egg hunt. Kimberly never had so much attention or found so many eggs. (Maybe I'll put her on MY team!)

It was a family dinner at the Walter Dorn's home last Sunday. Their daughter Sharon and husband Don Lampert were on hand with their two darling children, Michael and Patty. Also on hand for the evening were Madeline's parents, Mr. and Mrs. J. Frank Orr, and Kathy acted as an assistant hostess for her mother.

At our house it was instant insanity as our two older children arrived home from college. Sherri is a freshman at University of San Francisco and has completely fallen in love with the town! Paul is a junior at Loyola. Believe me there is not a quiet moment when they all get together after these separations.

Jean and Harold Coombes of 1659 Alta Oaks welcomed their oldest home for the Easter weekend. Steven, a sergeant in the Air Force, arrived last Friday from Williams AFB in Arizona. (Boy! Bet it's really hot in that neck of the woods... correction... sage!) Next oldest son, David was also home last week. He is in his second year at USC as a business major. The three younger off-spring, teenagers Marilyn, Jerry, Jim, were in school last week. They attend Arcadia High and Arcadia Junior High schools and had their spring vacation — or semester break — the week of April 1 through April 5.

Clem and Nina Bartoli, and their two girls—Renee Lea (5) and Lisa Michelle (2½)—and some of Nina's relatives had a lovely picnic at Chantry Flats a couple of weekends ago. They were very impressed with how clean and neat the area was and although many hikers, scouts, picnickers and nature lovers were out and around it did not seem crowded.

After the beautiful, warm and clear day of the picnic, Nina's aunt and uncle, Herb and Oleta Jacobs must have really hated to return to the snow and cold weather in Steamboat Springs, Colorado.

Cousins, Clarence and Doris Welcher and daughter Barbara, formerly of Boulder, Colorado, who gave their allegiance to California when they recently moved to our State also enjoyed the family get-together which incorporated a birthday cake as celebration honoring Nina's aunt, Kay Holt. Kay and her husband, Harold are from Duarte.

Mr. and Mrs. Harold Shearer, of Sierra Madre, Nina's parents, also enjoyed the outing. All are looking forward to making a "return engagement." P.S. There

Arriving home last Tuesday night in time to vote, were Mr. and Mrs. J. R. Lundholm of E. Highland. They had just spent four days at their mountain cabin at Brice Station, in the Mother Lode Country. Brice Station is north of Sonoma and approximately 375 miles north from Sierra Madre. On the Lundholm's five acres wildflowers were just beginning to bloom — yellow violets and blue shooting stars and many others. At lower elevations many, many varieties of wildflowers were in full bloom. Their cabin is at about 3500 feet in altitude.

Are you paying for part-time auto insurance?

Ask Yourself These Questions:

- Are your liability limits high enough? Or, would an adverse court judgment use up all your insurance and wipe out your other assets, too?
- Who would you turn to if you had a crack-up 2,000 miles from home?
- And who would have to wrestle with all those reports, claim papers, police questionnaires, etc., etc., etc.? You?
- Do you have all the auto insurance you need? Do you have the right kinds?

Does your auto insurance pass this test? If not, you're paying for part-time protection. That means it's high time you insured under The Travelers umbrella. Call us today.

What a wonderful Easter present! Richard Mays, son of George and Alma Mays of 301 San Gabriel Court, arrived home Friday, April 12, for a short furlough prior to being assigned to an electronics school in New Jersey. Now in the Army, Richard just completed basic training at Fort Bliss, in Texas. Younger brothers, Steven, John and James are all anxious to see their brother and hear all about Army life.

Miss Denise Matter, 4½, daughter of Robert and Karen Matter was very impatient last week. Seems that she could hardly wait for Sunday's Easter Egg Hunt in Memorial Park. When you're that young, time really drags, doesn't it?

Last Saturday, April 13, Mrs. Dorothy May and son Larry flew in from their home in Roseville, Michigan for a two week visit with the J. K. Anderson family of 155 N. Cañon Ave. The two week visit is sort of a last vacation for Larry prior to his going to work for his "Uncle Sam" in the U.S. Navy. Lots of sightseeing including trips to Disneyland, and a few days at Del Mar soaking up the sun are on the agenda. Naturally, in addition to the Mays and Mr. and Mrs. Anderson, the Anderson children — Gary, 17, Kevin, 5, and Patricia, 3, will be in on the activities. Have fun, gang.

On April 6, 7, 8 and 9, Sierra Madre Historical Society president Ray Andrews attended the National Audubon Conference held this time at Asimolar — that's near Carmel — on the Monterey Peninsula. This conference is held every two years and is attended by people from all over the United States. Ray, who never misses these conferences, says that there were about 800 people attending. (A lot of people for the birds . . . ???)

SOS to all neighbors and friends and relatives who like to help in packing and unpacking household goods; also those people "afflicted" with green thumbs (I say afflicted because of jealousy — also green). The reason for all this is that Larry and Alice Adams of 4026 Daines Dr. are planning on moving later this month to a new home, complete with unlandscaped yard, in the city of La Verne. And when you are moving, seems like you just can't get too much help. The new home is right out in the country and is located at the base of San Dimas Canyon. Kristy, 3½, and Karyn, 14 months, probably won't have any trouble getting used to their new surroundings, but the rest of the family just might. The "rest of the family" is a German shepherd, Monty and cats, Blacky and Katty. Katty will be taking her four youngsters with her, too, as they will not yet be old enough to leave home. Good luck — both on moving out and moving in!

Ralph and Barbara Bartolme of 911 Fallen Leaf recently returned from a trip to Mexico City and Acapulco. They flew down and stayed four days. In Acapulco, the Bartolmes stayed at Las Brisas and according to them it is a charming and romantic accommodation. Ralph and Barbara enjoyed the short "vacation" south-of-the-border very much and are looking forward to a repeat trip.

Artist Society To Exhibit

The Pasadena Society of Artists, one of the oldest organizations of its type in the area, will have an art exhibition on display in Occidental College's Thorne Hall, beginning April 18. The show will include paintings, sculptures and graphics from artists who live or work within a 30 mile radius of Pasadena. A reception for the new show at Occidental will be Sunday, April 21 from 4 p.m. to 6 p.m. Gallery hours for the exhibit which will be on display until May 9 are 9 a.m. to 3 p.m. weekdays and 2 to 5 p.m. Sundays.

LeRoy and Janice Maag have been taking her parents. Mr. and Mrs. Bert Schoon of Fort Dodge, Iowa, all over Southern California since the Schoons arrived here in March. Visiting friends and relatives in Inglewood and Santa Monica was on the agenda as was a drive along the coastline which included a good look-see at the Queen Mary. Plans are being made to take Mr. and Mrs. Schoon to view our mountains and deserts. Hope the wildflowers are still in abundance for their enjoyment!

Happy Wedding Anniversary to Karen and Robert Matter. April 9 marked their seventh year of "wedded bliss."

You can still obtain a membership in the Community Concert Association; they have extended their membership drive state area chairman, Mrs. Maude Nelson. Call her at 355-7041 if interested in this worthwhile cultural opportunity.

Hospital Auxiliary Plan An Evening With Welk

"Crosstown bussing" will not present a problem to the Sierra Madre Hospital Auxiliary members when they hold their spring party entitled "Evening with Welk."

Members and guests will board chartered buses at the Sierra Madre First Western Bank parking lot on Saturday, April 27th, for a gala evening of dinner, dancing and entertainment with Lawrence Welk and his musical family at Hollywood Paladium.

The buses will depart at 6:15 and return after midnight. The "leave the driving to us" idea will add to the special fun of the evening. Proceeds will go to the Auxiliary's current project, the Intensive Care Improvement Fund for the Community Hospital.

"This is a repeat affair by request," says Mrs. Russell Delahooke, chairman, "due to the success of last

year's 'Evening.' We invite others to join us." Assisting Mrs. Delahooke are Mrs. William Meek, Mrs. William Sullivan and Mrs. Harry Wharton. Reservations may be made with Mrs. Delahooke, 355-3105 or Mrs. Leslie Webster, 355-9325. Mrs. Jack Tilley is auxiliary president.

Brightly colored, confetti decorated invitations have been made by the Auxiliary's junior members, the Candystrippers, for the event.

The Veterans Administration is paying death indemnity compensation to more than 663,000 dependents of 363,000 deceased U.S. Veterans.

Over 300,000 Vietnam veterans have returned to civilian status.

One-stop service for veterans is now available in 10 U.S. cities.

Verdugo Women's Clubs To Hold Annual Convention, April 25, 26

The twelfth annual convention of Verdugo District of the California Federation of Women's Clubs will be held April 25 and 26 at the Huntington Sheraton Hotel in Pasadena, with Mrs. Harold R. Deavel, District President, officiating. This event marks the climax of the year's work and club presidents, district officers and chairmen, delegates and members from the twenty-two clubs that make up the Verdugo District will share in this enlightening and enriching experience.

The theme for the convention will be "Knowledge With Purpose for Women in Action." Luncheon tables will be decorated with spring flowers in a delicate pastel color scheme. Banquet table decorations will emphasize the patriotic theme in red, white and blue.

A color guard from the 1295th Air Force Junior ROTC Squadron of the Arcadia High School will open the convention at 9:00 a.m. on Thursday. They will be commanded by Lt. Col. George Mellin.

Mrs. Edward D. Wylie, First Vice President of the California Federation of Women's Clubs, will be an honored guest throughout the entire convention and will install the newly elected officers at the Thursday evening banquet meeting. The election of officers for

ject will be "The Endless Enfoldings."

Reports of club presidents will be given intermittently throughout the convention, emphasizing the year's highlights and accomplishments for all twenty-two clubs of the district. Department Chairman of the District will give reports of the work done in their field and present awards to clubs.

The featured speaker at the Friday morning session will be Jack Feder, educator, businessman, former jet fighter pilot, and author of the book, "The Crisis of Freedom." Mr. Feder has been a teacher of American Government, History and Economics in the Los Angeles City High Schools. He is also a member of the American Legion and of the Veterans of Foreign Wars.

Some of the music for the convention will be furnished by the newly formed Verdugo Chorus, featuring representative talent from all the clubs, led by Miss Helen Parrett.

Arrangements for the convention have been made by Mrs. Reser Keen, General Chairman, aided by her committee: Mrs. Edward Smith, Amenities, Mrs. C. B. Graham, Credentials, Mrs. James R. Vine, Exhibits, Mrs. Fred White, Hospitality, and Mrs. Ivan M. Ponder, Reservations.

Letters To the Editor

Dear Editor:

I've just read that a college president wants the state income tax increased to adequately educate the students in the state colleges and universities rather than to charge students tuition.

He must know state income taxes increased drastically in 1967. We know a family with four children, modest present-day income, whose state income tax increased 300 per cent. Another couple paid \$80 for 1966; \$211 for 1967, practically the same amount of income. Neither of these families knew there was an increase until they received the forms and instructions.

According to U.S. News and World Report, we have higher taxes, spiraling inflation and austere times ahead of us.

How did our leaders ever succeed in getting us into this mess? And the dollar and dollar turmoil? While Russia "waxes fat" with stored up gold, conserved manpower and other resources.

Could that be part of the conspiracy? To keep us in "little wars," dissipate our resources, then come in for the big grab?

— Lillian B. Sage

Dear Editor:
With the nation facing its

greatest crisis since the War for Independence, the American people have the unfortunate duty to choose a President from the following:

Senator Robert F. Kennedy — The New York Senator from Massachusetts who, as Attorney General, did little — if anything — to expose the Communist forces which killed his brother; who has gone so far in his thinking on Vietnam that he has said he would give blood to the Viet Cong.

Richard M. Nixon — The California reject who, through his move to New York, has found new leadership ability and, while a few years ago was refused leadership of California, now feels himself prepared to be President; who has the solution to the war in Vietnam but refuses to talk about it, fearing that it would ruin his chance to become President (if Johnson should learn of Nixon's plan and use it, Johnson would probably be re-elected), caring absolutely nothing, in the meantime, of the thousands of American lives being sacrificed in Vietnam.

George Wallace — The only anti-Communist in the group, but a firm believer in federal aid and socialism at the state level; who, along with Bobby Kennedy, was the co-star in the James Meredith enrollment at Alabama.

Any further discussion about these presidential candidates is a waste of time. None of them is truly fit to be President. None of them is worthy of support. Our only hope to save America from destruction by riots within and wars without is electing qualified men as Senators and Representatives. All truly concerned Americans should forget the race for President and go to work in their own areas for men they know — when whose honesty and integrity are beyond doubt. Get them elected and send them to Washington to prevent the havoc which will be created by the election of Johnson or Kennedy, and to keep Nixon or Wallace on the right track.

—Richard E. Woodin

Dear Editor:
By Presidential order this nation's once proud flag has been flown at half mast in sorrow for the death of Martin Luther King.

Martin Luther King was in all probability a formal Communist, as the President and many others well know. If he was not an actual member of the Communist Party, it must only have been due to a minor slip-up, as the enclosed documentation will attest. These are proven, well known factual records, not guesses. Yet the nation has not been told of his Communist background, but in fact has been inundated with tales of his "non-violent" accomplishments.

I am sick at heart and ashamed of our country — for there can be no question that the overall Communist influence now pervades virtually all of our most important institutions. To those who feel they must giggle at this charge. I can only say the facts are overwhelming, and those who won't accept the facts, or who accept them and refuse to fight back, are pitiful cowards at best.

Police Are Backbone of Community

The most important thing that came out of the era of Norman policing, however, was the interpretation of law violations.

Civil restitution matters came second to crimes against the king with William's national government. Under King Henry, in 1116, the Normans classified a number of offenses as crimes against the king. These crimes were directed to be punishable as felonies and were: arson, murder, robbery, false coinage, and crimes of violence.

The Normans also instituted the Grand Jury to try men and the ordeal by physical pain was eliminated as a means of finding the truth.

With power comes abuse, and in 1215, under King John, who ran England while his brother Richard was in Palestine with the crusades, the Magna Charta or "Great Charter" was signed. It stipulated first that "no man shall be deprived of his life, liberty, or property except by due process of law," and second, it restored the right of local self-government to the cities and villages. Then the laws of the state were embraced in statutes, and the laws of the cities were included in ordinances.

In 1749 Henry Fielding, an English police administrator concluded that existing police forces were ineffective because the men were not properly selected and not paid adequate salary.

Multiple, indiscriminate arrests by the early police establishment brought about the Habeas Corpus Act. Under this act, the prisoner could demand to know why he was being held, and he could be imprisoned only within the confines of his county.

Modern policing which started in the 1800's, was principally due to the industrial revolution. When the economy of a nation is out of balance, crime by the poor, etc., is sure to grow by leaps and bounds.

England beset by an onrush of crime, was assisted by Sir Robert Peel when he determined upon a protective body of well trained policemen as the "way out."

Fundamentals that guided Peel in the creation of his police force in 1829 have come to us as "Peel's Principles," and are just as pertinent today, as they were over 100 years ago. The principles were: (1) The police must be stable, efficient, and militarily organized under government control; (2) the absence of crime will best prove the efficiency of the police; (3) crime news must be widely distributed; (4) territorial distribution of the force by hours and shifts must be accomplished; (5) no quality is more indispensable to an officer than a perfect command of temper; a quiet determined manner has more effect than violent action; (6) good appearance commands respect; (7) proper securing and training of personnel lies at the root of police efficiency; (8) public safety requires that every policeman be given a number; (9) police headquarters should be centrally located and easily accessible to all peoples; (10) policeman should be appointed on the probation basis; (11) police records are necessary for the correct distribution of police strength; (12) the best way to select men is to "size them up" and then find out what their neighbors think of them.

So sound were these principles, that New York City copied them when it organized its first municipal police force in 1883.

In conclusion, Police function, the actual force by which the people compel observance to their laws and edicts, is tied to and dependent upon, an enlightened citizenry. If law enforcement fails, it has been failed by the public.

Amaryllis In Spring Fantasy Show April 27-28

"Amaryllis, Spring Fantasy" is the theme of the Fourth Annual Amaryllis Show at the Los Angeles State and County Arboretum in Arcadia Saturday and Sunday, April 27 and 28. The show is sponsored by the Southern California Hemerocallis and Amaryllis Society.

The show will be open from 12 to 5 p.m. on Saturday and from 9 a.m. to 5 p.m. on Sunday. Entries in all divisions must be received at the Arboretum on April 26 between the hours of 5 a.m. to 9 p.m. or on the morning of April 27 between 8 and 10 a.m. Persons interested in exhibiting may secure additional information by calling Mr. Joe Werling, show chairman, at 257-5380 or Mr. W. Quinn Buck at 447-0350.

Public attendance as well as the number of competitors is expected to exceed even last year's very successful show by reason of the many prizes to be awarded and the division of competitive classes, which include flower arrangements, miniatures, potted and outdoor specimens, and a variety of hybrids.

Attracting almost as much attention as the flowers are such awards as the Ludwig Challenge Trophy, donated by the famous Dutch firm, Ludwig and Company, and the Cecil Houdyshell Memorial Trophy, to be given as the sweepstakes award.

Admission to the show is free.

The month of April is chock full of family birthdays for the Edward Chapman family of 430 E. Grand View. John's 10th birthday was observed by a family dinner party held at a nearby restaurant. Grandpa, Charles Freed, of Sierra Madre, is celebrating his birthday tonight with a family dinner party in his honor. Edward Chapman's birthday is April 30 and it will be here before you know it. (It's really birthday month for them, huh?) During Easter vacation, Edward took his wife, Phyllis and John and Christie, 7½, down to Laguna Beach for a couple of days. Dad couldn't stay; he had to work.

'Pageant of Roses Garden' Have Reached Peak Bloom At Rose Hills

Spring has come to Southern California and with it has come the Southland's greatest flower show.

The famous "Pageant of Roses Garden" and "Three Miles of Roses" at Rose Hills Memorial Park in nearby Whittier have reached peak blooming periods and are now on display for the public, according to R. L. McNitt, Jr., president.

The main garden, which is an official American Rose Society and All-America Rose Selection garden, has again been expanded to include numerous new varieties, as well as the older favorites McNitt said. There are more than 4,000 bushes of more than 400 varieties featured in the main garden.

Combined with the more than 2,000 climbing roses of more than 60 varieties along the borders of the park, the largest display of climbers in the Southland, there are nearly one million rose blooms on display for the public, according to McNitt.

A total of 46 new varieties, including the All-America winners of 1967 and those to be announced nationally in June, have been added to the main garden this year. More than 50 previous A.A.R.S. winners are planted in the garden.

Among the new additions are two Floribundas, 19 Hybrid Teas, three Grandifloras, two climbing roses and six new varieties imported from Ireland.

'Historical Happenings' To Be Sun. Sermon

The Rev. Richard J. Anderson of Sierra Madre Congregational Church, 170 W. Sierra Madre Blvd., sermon title for Sunday "Historical Happenings," John 20:31. Worship service 11 a.m. As religious literature, the Bible is unique. It is not founded on a set of moral, spiritual, and liturgical teachings, but in the historical happenings, events, that surrounded a people who lived at a certain place and time. The people of Scripture learned to confess their faith by telling the accounts of what had happened as the hand of God moved among them. Their faith rested in a God who involved Himself in their lives. Thus the Bible is understood when the historical happenings wherein God revealed Himself to man are taken seriously. Knowledge and awareness of Biblical history is vital if one is to understand Biblical faith.

Sunday school will be at 9:30 a.m. We are also providing a new adult class at the 9:30 hour. This adult class will be taught for six weeks by Mr. Robert Bason, the executive secretary of African Enterprise, an evangelistic missionary organization serving Christ in Africa. The theme for the first six weeks will be "Archeology and the Bible." Mr. Bason has traveled widely in the Near East and will present films of great interest to those who want a better understanding of their Bible.

WCTU Meet April 24

The Harter Union of WCTU of Sierra Madre will meet in the home of Mrs. Charles Ower, 22 West Carter, the usual time, fourth Thursday of the month, April 24, 2 to 4 p.m. There will be transportation if you will call Mrs. Vieira, 355-0744 or Susie Birdinner, 355-7432. All women who are interested in making highways a little safer and many homes a little happier by making our laws more strict and enforced when it comes to the liquor traffic.

The organization says: "If those who drink want to risk their own lives — that is their problem — but when it comes to causing the death of those that get in their path while under influence of liquor, is a price we should not have to pay. We hear so often, 'All I had was a couple of beers.' Just a couple of beers can do plenty of harm; our police will agree."

He is working with a group called "Teen Challenge Now." At the meeting this month the group expects to have Rev. Anderson speak; he is the new pastor of Congregational Church in Sierra Madre. Refreshments will be served.

Sermon-Topic Announced For S. A. Church

"Life Is Consciousness" is the sermon-topic of Rev. Margaret M. Stevens, minister of the Santa Anita Church, 226 W. Colorado Blvd., Arcadia, at the 11 a.m. church services. "Your environment is a shadow cast by your consciousness. The only way you can change your consciousness is by realizing the Presence of God more consistently," Rev. Stevens believes. The public is invited to worship in this non-denominational church. Infant and young child care is provided for your convenience.

Classes from pre-school through high school are conducted by dedicated teachers for children after a 15 minute worship service in the sanctuary. High school youths and young adults hold their meetings on the first and third Sunday evenings at 7:30.

This year's theme is, "Insure America's Future — Know and Support Our Public Schools." In reference to this coming Public School Week, L. E. Dayton, Grand Master of Masons of California and Hawaii says, "The public schools have not always had an easy row to hoe here in the United States, as we Americans have utilized our privilege to criticize to the fullest extent."

Dr. Jack Engin Addington, will be the guest speaker on Sunday, April 28, at 11 a.m. His subject will be, "A Still More Excellent Way."

"Dial 447-6262 to receive a blessing," is the invitation by Rev. Stevens.

"It can be conceived that given standards in other parts of the world can exceed certain standards here in our own country, but we can say that in no other country in the world can the wholesome results of our educational system be exceeded."

"Public schools are truly an institution of which the citizens of the United States can be proud. Please don't forget to see these lovely Open House displays and programs, and 'Know and Support Our Public Schools,'" reminds Mr. Knowles.

FROM THE Fire Side

For some unaccountable reason Grippi lost the Easter spirit just before time for the Egg Hunt in the Park and so the boys in the department took away his bunny suit. They said they refused to have a grouchy rabbit representing them in public.

Gee, Joe, what a shame! And after waiting so long to play the part. Oh well, there is always next year, and maybe by that time your disposition may improve, but then I'm not counting on that. Remember Joe, it takes time to break bad habits.

Speaking of grouches, Len Hall would have to qualify in this department, too. If you noticed him hopping around last week, it wasn't that he was trying to make like a rabbit. It seems he lost his temper and kicked the fireplace by mistake. At least he said it was a mistake, but it may have been just bad aim. What a shame. He says in wasn't from the "blind staggers" but then you never know about him.

I'll tell you one thing for sure, Len, if I mess up my foot when I've been drinking, or my wife get mad at me and jumps on my foot I'll be the first one to step up and tell the truth.

But then we can't all be perfect, like me. If I had any faults I'd be the first to admit them.

We just got word that Len's wife is down with the measles. Must be in her second childhood. Boy Shirley, any four year old can do that.

Store Sales On Increase

Southern California's economy — bolstered by more department store sales and increased construction — advanced to another record level during March. It was reported recently by Paul O'Sullivan, manager of Security First National Bank's Foothill and Rosemead Branch.

Last month's economic performance is estimated at 171.6 on the banks Index of Business Activity. The preliminary index reading for February is 170.3, and the final index recording for January is 167.7.

March's 171.6 mark is the ninth record to be established by the Southland economy in the past 11 months. As a result, business activity is 11.6 per cent stronger than a year ago. In March of 1967 the Southern California economy registered at 153.7 on Security Bank's index.

Individual components of the economy, measured on the index, after adjustment for seasonal influences, revealed mixed patterns. Department store sales rose moderately, construction activity increased fractionally and bank deposits declined slightly. Real estate sales dropped to an 11-month low, as based on the number of deeds recorded last month in Los Angeles County.

Employment rose to its second record high in as many months during February, the latest month for which figures are available. On a seasonally adjusted basis, there were 4,675,000 civilians employed in the Southland's nine metropolitan counties. Locally, employment has increased by 164,000 jobholders or by 3.6 per cent in a year's time. Nationally, the comparable increase has been 2.2 per cent.

February unemployment among the nine metropolitan counties' total civilian labor force averaged at a seasonally adjusted rate of 4.4 per cent, down from 4.8 per cent a year ago. Nationally, the February unemployment rate was 3.7 per cent.

All the way from Marlboro, New York came Mrs. Joseph Pesavento and children, Marilyn, 17, and Dennis, 13, to visit cousins Samuel and Clara Leto of 327 N. Lima. Visiting friends and relatives in North Hollywood, Inglewood and Beverly Hills has taken up some of the time, but there was still time to fit in trips to Disneyland, Universal Studios and to see the ponies run at Santa Anita. A fun trip to Las Vegas is planned for sometime before the Pesaventos fly back to New York.

Warren Dorn Blocks Chemical Manufacturers

Attempts by eastern manufacturers to have their "highly reactive" chemical exempted from air pollution control regulations were defeated last week by the Board of Supervisors on motion of Warren Dorn.

Dorn, in moving to deny the petition by six manufacturers of the solvent trichloroethylene, said the liquid is "a potent air contaminant that contributes to the photochemical smog problem."

"To exempt this chemical from regulations would be a breach of faith with the people of Los Angeles County and with other manufacturers who have worked closely with the Air Pollution Control District in the battle against smog," Dorn said.

"Any weakening of controls is unthinkable," he added.

He pointed out that the county is the recognized leader in control of stationary sources and "we must retain this leadership and urge the state to adopt strict emission standards for automobiles — the major cause of air pollution — over which this state has jurisdiction."

Dorn also said the federal government should "shoulder its responsibilities and permit the importation of more natural gas in order to reduce fuel oil burning in plants."

SPORTS AS Hank Ives SEES IT

LIMBSVILLE, U.S.A.

Old Hankus is ready. Forget the crystal ball and all that other mumbo-jumbo involved with predictions and prognostications. I mean, who needs that kind of junk just to pick the winner of the National League pennant race. Old Hankus has the answer the easy way. Would you believe it came to him in a dream? It went like this:

1. Cincinnati... (Bristol) ... Chance to upset the favored entry.
2. St. Louis... (Schoendienst) ... Strictly the one to beat.
3. Pittsburgh... (Shepard) ... New pilot. Will push top two.
4. San Francisco... (Franks) ... Always there or thereabouts, seldom win.
5. Los Angeles... (Alston) ... Probably placed too high.
6. Chicago... (Durocher) ... Came close in last, this looks more like it.
7. Atlanta... (Harris) ... New pilot may inject.
8. Philadelphia... (Mauch) ... Probably.
9. Houston... (Haton) ... One of these days will be a surprise.
10. New York... (Hodges) ... Not even as a longshot.

See how easy that was? The dream gave the exact order of finish of the National League. All I have to do now is trot over to Las Vegas and make a few minor wages and then wait seven months to collect.

LOOKING IT OVER from a practical point of view (dreams can only go so far). The Reds seem to be well stacked from top to bottom. Catching looks more than adequate. May should have the kind of sophomore year Perez had in 1967. Helms is just coming into his own. Cardenas is one of the better shortstops in the business and Perez is my spring pick to win the N.L. batting title.

The CINCINNATI outfield is a fine one with Pinson, newly acquired Mack Jones, and one of the all-time

great hustlers, Pete Rose. The pitching staff comes through for the Reds to go all the way. Rather an obvious statement since pennants are not won without ample chucking. Maloney, Queen and Pappas are good starters. Nolan could be great but he's still young. Cincy seems to have a fine bullpen with ex-Angels Bob Lee, and Bill Kelso to go with Ted Abernathy. If Bill McCool bounces back and Gerry Arigo provides lefthanded hurling strength, the Reds will win it all.

THE CARDINALS are loaded with talent and if the complacency that seems to come with a World Series check doesn't set in, could sweep the board. Terrific catching, a solid infield, Brock, Flood and Maris in the outfield and a pitching staff headed by Bullet Bob Gibson and a flock of youngsters with good arms. That's the Cardinals, how are you going to beat them. (Ask the Orioles of 1967.)

PITTSBURGH has a great lefty-righty pair in Jim Bunning and Bob Veale but must rely on big seasons from Sisk, Blass, McBean and Pizarro. Catching could be better. Fine infield and a solid foursome in the outer pastures. Could win it all.

SAN FRANCISCO as become a perennial bridesmaid. Much depends on Juan Marichal. When right he's the best. Catching looks poor and infield could develop gaps. The Giants could be anywhere from first to sixth.

LOS ANGELES must win it with pitching. The Foster, Singers, Furdins and Romos must blend with proven talent such as Drysdale, Osteen, Grant and Sutton. Can Brewer and Regan hold up a bullpen that once included Ferranoski and Miller? The outfield fails to strike terror into a pitcher's heart. Zollo Versalles should vastly improve the Dodger infield and Bob Bailey figures to come to life. Faith looks about like tops and it

TRANSIT TOPICS

News and information about your public-owned transportation system, published in this newspaper as a community service from the Southern California Rapid Transit District.

RTD

by
ARTIE DEE
Transportation Editor

This is the week the guy with the whiskers and the stripped pants wants his cut of your hard earned bank roll. In spite of this minor inconvenience, I think ours is the greatest country on earth. Now, I've put away my flag and returned to the mundane. One way to end up with a larger slice of your paycheck, is to ride the bus to work. That second car sitting out in front of your house is costing you a hundred dollars a month or more. For that kind of money, you could a lot of things. Try the bus and see for yourself.

On Baldwin Avenue, northwest of the Santa Anita race track in Arcadia, is the Los Angeles State and County Arboretum. 127 acres of historical beauty. The home of "Lucky" Baldwin has been restored in all its regal splendor. Convenient trains are available daily, providing you with conducted tours. This nostalgic estate, surrounded by lakes, flowers, green lawns, trees, and birds will send you away talking to yourself. Take the RTD 68 line from Spring Street, Los Angeles, going through South Pasadena, San Marino, San Gabriel to Arcadia. Get off at Baldwin Avenue and walk north, or from Pasadena, take the 108 line to Baldwin Avenue and Colorado, and walk south.

Uncle Sam has April 15th, Harold Ostley has April 10th, but Hollywood Park has April 9th all sewed up. That's the day you put into practice all the skull duggery you've planned for out-smarting the ponies. Personally, I favor horses I can talk to, like Mr. Ed. This year, as in the past, RTD will offer service from Hollywood, Los Angeles, Huntington Park, and South Gate. In addition, service from Riverside, Ontario, and Pomona will be available. Send for a map and a Hollywood Park timetable.

Q. I am a Webelo (cub scout) and I am doing achievements. I would like to know how to get from Alhambra Road and Atlantic in Alhambra to Union Station in Los Angeles. R.E.

A. For a young man like you, I would suggest you walk to Main Street and Atlantic, and catch the 52 line marked "Los Angeles" and get off at the Union Station. Q. Could you please tell me how to get to Orthopedic Hospital from La Puente? I live near Valley Boulevard. Mrs. V.J.A.

A. Catch the 53 line to 7th and Spring, walk two blocks west to Hill and transfer to the 44 line going south on Hill. This bus will take you to the hospital. I'll send you timetables.

Q. How do I get from Valley and Temple City Boulevard to Beverly and Atlantic? Mrs. J.V.

A. Ride the 53 bus to Garfield and Valley and change to the 61 line to Beverly and Atlantic.

Q. How can I go from Covina to Azusa and from Covina to Pasadena? Mrs. M.S.

A. I can tell you how to get from Covina to Pasadena, but Azusa is something else. If you will take the 53 line on San Bernardino Road to Valley Boulevard and Rosemead, in Rosemead, and change to the 108 line you can get to downtown Pasadena.

Send your questions to Transportation Editor, Artie Dee, care of this newspaper. All questions will be answered in the column, or by mail. A system map will be sent FREE to each person writing in. NO STAMPS OR STAMPED ENVELOPES ARE NECESSARY.

CARROT TOP By Robert Evans

after the fairness doctrine application where cigarette advertising was concerned, stations began getting wholesale cancellation of schedules from tobacco companies. It appeared that tobacco people had decided that one sure way to get all those anti-smoking spots off the air was simply to cancel their advertising, for only those stations carrying such advertising had to air the other spots. It didn't matter, it seemed that it was still legal to SELL cigarettes... and, for awhile, to advertise them in print.

You remember what followed. The floodgates were opened as far as powerful broadcast advertising was concerned. Now it was easy to dissipate the effectiveness of advertising for ANY product, as far as broadcast was concerned.

Just complain to the FCC and presto! You could get spots aired AGAINST that product. These were just the first steps—taken against a medium subject to licensing by a government bureau—toward the greater and more serious arbitrary regulation of ALL advertising and finally of all BUSINESS competition.

History was repeating itself and we saw the competitive shortsightedness

among media work again. This time, most people failed to see in these developments the foretelling of things to come for ALL of the mass media... the indication that what had happened to billboards and was happening to broadcasting could and would happen to newspapers and magazines; in fact, to ALL facets of advertising and marketing. No one apparently realized that the KIND of editorial matter and the NATURE and NUMBER and SIZE of ads in those publications COULD and WOULD be controlled in later years.

Why not? If pressure groups could get rid of advertising in one or two media, why couldn't they do the same thing in others?

If total destruction of advertising as we knew it was not the goal of individuals sponsoring such legislation, then whittling away at its foundations to get at free-enterprise business systems must have been. And it didn't matter whether those arteries of advertising were severed or just punctured, the life blood ran out just the same. America was losing one of the most powerful stimulants of the good life we enjoyed. It was losing the right of the seller to communicate with the buyer.

A few admittedly deceptive—or at least misleading—examples of advertising on television set the stage for a sinister scheme to put ALL advertising in a straitjacket.

Before long, patiently built reputations of legitimately run businesses suffered when suspicion was cast on even their TRADEMARKS. For example, was there really a Betty Crocker, an Ann Pillsbury, a smiling giant named Mr. Clean, or a Green Giant? And for heavens sakes who is this guy called Reddy Kilowatt?

Were these real people or just a trick to make the public remember a particular brand of merchandise or service? And if they were mythical people, wasn't this unfair to competitors who didn't have these make-believe characters to help them sell? From now on, if you say something or some one is Betty Crocker, she darn well better BE Betty Crocker!

NEXT WEEK: CHANGES. And as we close up this weeks column and get ready for the last of this series, let us leave you with this one last thought... "Everybody wants to talk, nobody wants to listen... which is odd, since God gave us two ears but one Mouth." Local elections are over for two years, I hope, I hope, I hope.
